

At the 2018 Annual Meeting we adopted a change to our bylaws!

The original bylaw, section 9.3:

The Nominating Committee shall prepare a slate of candidates representing two nominees for each seat and office to be elected, except in the case where an eligible Senior Warden or Junior Warden will be included on the ballot for a second or third one-year term and no other eligible Member is willing to be nominated, in which case the Nominating Committee may present only that one incumbent Warden as a candidate. In instances where a Senior Warden or Junior Warden has completed three consecutive one-year terms, two nominees, neither of which is the incumbent for that office, shall be included on the ballot for that position.

The new version adopted at the November 18, 2018 Annual Meeting:

The Nominating Committee shall **strive to** prepare a slate of candidates representing two nominees for each seat and office to be elected, except in the case where an eligible Senior Warden or Junior Warden will be included on the ballot for a second or third one-year term and no other eligible Member is willing to be nominated, in which case the Nominating Committee may present only that one incumbent Warden as a candidate. In instances where a Senior Warden or Junior Warden has completed three consecutive one-year terms, **the Nominating Committee shall strive to include on the ballot** two nominees, neither of which is the incumbent for that office, ~~shall be included on the ballot for that position.~~
